The American Political Party System Aug 08 2021 From party polarization, elections, and internal party politics, to the evolution of the U.S. presidency, John S. Jackson's new book has something for everyone interested in American politics. Beginning with a discussion of the creation of the U.S. government to the formation of today's political powerhouses, Jackson provides a narrative sweep of American party history like none other. Unique to this book is a detailed breakdown of the evolution of political parties from 1832 to the current era. Jackson explains how the reform era came to be, as well as how it produced the polarized party era we have today. In doing so, he guides the reader to an appreciation of where U.S. party politics originated and the aspirations of those who helped create the current system. Jackson also examines the internal mechanisms and personalities of the Democratic and Republican parties. He compares multiple presidential elections, thus telling a broader story of the unfolding of today's party polarization and gridlock. He also explores the theoretical meaning of the changes observed in the parties from the responsible party model perspective. The themes of continuity and change are set in the context of group-think versus rational decisionmaking. Specific focus is given to political elites who are sophisticated about politics and who make strategic decisions, but are also bound by their humanity and occasionally fail to see the right deci-sion due to their own personal biases. This book will be particularly useful for those who want to explore polarization, the responsible parties model, the rational actor model, and anyone who wants to better understand elections, party politics, and the evolution of the presidency.

Peril Jan 01 2021 The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as #1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with eyewitness accounts of what really happened. Intimate scenes are supplemented with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making Peril an unparalleled history. It is also the first inside look at Biden's presidency as he began his presidency facing the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president.

Political Behavior of the American Electorate Sep 09 2021 The 2016 elections took place under intense political polarization and uncertain economic conditions, to widely unexpected results. How did Trump pull off his victory? Political Behavior of the American Electorate, Fourteenth Edition, attempts to answer this question by interpreting data from the most recent American National Election Study to provide a thorough analysis of the 2016 elections and the current American political behavior. Authors Elizabeth Theiss-Morse and Michael Wagner continue the tradition of Flanigan and Zingale to illustrate and document trends in American political behavior with the best longitudinal data available. The authors also put these trends in context by focusing on the major concepts and characteristics that shape Americans' responses to politics. In the completely revised Fourteenth Edition, you will explore get-out-the-vote efforts and the reasons people voted the way they did, as well as the nature and impact of partisanship, news media coverage, and other issues in 2016—all with an eye toward understanding the trends that led up to the historic decision.

American Government Sep 21 2022

The Death of Truth Mar 23 2020 NEW YORK TIMES BESTSELLER • From the Pulitzer Prize-winning critic comes an impassioned critique of America's retreat from reason We live in a time when the very idea of objective truth is mocked and discounted by the occupants of the White House. Discredited conspiracy theories and ideologies have resurfaced, proven science is once more up for debate, and Russian propaganda floods our screens. The wisdom of the crowd has usurped research and expertise, and we are each left clinging to the beliefs that best confirm our biases. How did truth become an endangered species in contemporary America? This decline began decades ago, and in *The Death of Truth*, former New York Times critic Michiko Kakutani takes a penetrating look at the cultural forces that contributed to this gathering storm. In social media and literature, television, academia, and politics, Kakutani identifies the trends—originating on both the right and the left—that have combined to elevate subjectivity over factuality, science, and common values. And she returns us to the words of the great critics of authoritarianism, writers like George Orwell and Hannah Arendt, whose work is newly and eerily relevant. With remarkable erudition and insight, Kakutani offers a provocative diagnosis of our current condition and points toward a new path for our truth-challenged times.

The Logic of American Politics Apr 23 2020 This is a shrink-wrapped, discounted packaged for the introduction to American government course. The books included are: Kernell and Jacobson's 'The Logic of American Politics, 3rd ed.'; Kernell and Smith's 'Principles and Practice of American Politics, 3rd ed.'

Power and Society: An Introduction to the Social Sciences Feb 14 2022 Employing the central integrative theme of power, POWER AND SOCIETY, 14th Edition, introduces you to each of the social sciences and demonstrates how they differ in their focus and methods. It also presents an interdisciplinary viewpoint to illustrate the nature and uses of power in society. This compelling book will stimulate your interest in the social sciences as it explores some of the central challenges facing American society, such as ideological conflict, racism and sexism, poverty and powerlessness, crime and violence, community problems, and international relations. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Franklin Pierce May 25 2020 The genial but troubled New Englander whose single-minded partisan loyalties inflamed the nation's simmering battle over slavery Charming and handsome, Franklin Pierce of New Hampshire was drafted to break the deadlock of the 1852 Democratic convention. Though he seized the White House in a landslide against the imploding Whig Party, he proved a dismal failure in office. Michael F. Holt, a leading historian of nineteenth-century partisan politics, argues that in the wake of the Whig collapse, Pierce was consumed by an obsessive drive to unify his splintering party rather than the roiling country. He soon began to overreach. Word leaked that Pierce wanted Spain to sell the slave-owning island of Cuba to the United States, rousing sectional divisions. Then he supported repeal of the Missouri Compromise, which limited the expansion of slavery in the west. Violence broke out, and "Bleeding Kansas" spurred the formation of the Republican Party. By the end of his term, Pierce's beloved party had ruptured, and he lost the nomination to James Buchanan. In this incisive account, Holt shows how a flawed leader, so dedicated to his party and ill-suited for the presidency, hastened the approach of the Civil War.

Strangers in Their Own Land Jan 13 2022 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, The New York Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the *New Republic*, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

The New Right Dec 20 2019 The definitive firsthand account of the movement that permanently broke the American political consensus. What do internet trolls, economic populists, white nationalists, techno-anarchists and Alex Jones have in common? Nothing, except for an unremitting hatred of evangelical progressivism and the so-called "Cathedral" from whence it pours forth. Contrary to the dissembling explanations from the corporate press, this movement did not emerge overnight—nor are its varied subgroups in any sense interchangeable with one another. As united by their opposition as they are divided by their goals, the members of the New Right are willfully suspicious of those in the mainstream who would seek to tell their story. Fortunately, author Michael Malice was there from the very inception, and in *The New Right* recounts their tale from the beginning. Malice provides an authoritative and unbiased portrait of the New Right as a movement of ideas—ideas that he traces to surprisingly diverse ideological roots. From the heterodox right wing of the 1940s to the Buchanan/Rothbard alliance of 1992 and all the way through to what he witnessed personally in Charlottesville, *The New Right* is a thorough firsthand accounting of the concepts, characters and chronology of this widely misunderstood sociopolitical phenomenon. Today's fringe is tomorrow's orthodoxy. As entertaining as it is informative, *The New Right* is required reading for every American across the spectrum who would like to learn more about the past, present and future of our divided political culture.

We the People Nov 23 2022

American Politics Jan 21 2020 Following in the footsteps of the highly successful *Queer: A Graphic History*, illustrator Jules Scheele teams up with Dr Laura Locker in this comic-book introduction to the political history of the Land of Opportunity. How did a political outsider like Trump win the 2016 presidential election? Why do some Americans feel so strongly about gun rights? Is there a role for more than two political parties in the system? Politics isn't something that just occurs in the West Wing or the gleaming Capitol building – it comes from the interaction between state and society, the American people living their daily lives. In this unique graphic guide, we follow modern citizens as they explore everything from the United States' political culture, the Constitution and the balance of power, to social movements, the role of the media, and tensions over race, immigration, and LGBT rights. Step right up, and see what lies beneath the pageantry and headlines of this great nation.

Party Politics in America Jun 25 2020 The seventeenth edition of *Party Politics in America* continues the comprehensive and authoritative coverage of political parties for which it is known while expanding and updating the treatment of key related topics including interest groups and elections. Marjorie Hershey builds on the book's three-pronged coverage of party organization, party in the electorate, and party in government and integrates contemporary examples—such as campaign finance reform, party polarization, and social media—to bring to life the fascinating story of how parties shape our political system. New to the 17th Edition Fully updated through the 2016 election, including changes in virtually all of the boxed materials, the chapter openings, and the data presented. Explores increasing partisan hostility, the status of voter ID laws and other efforts to affect voter turnout, young voters' attitudes and participation, and the role of big givers such as the energy billionaire Koch brothers in the 2016 campaigns. Critically examines the idea that Super PACs are replacing, or can replace, the party organizations in running campaigns. New and expanded online Instructor's Resources, including author-written test banks, essay questions, relevant websites with correlated sample assignments, the book's appendix, and links to a collection of course syllabi.

Understanding American Government Jun 06 2021 UNDERSTANDING AMERICAN GOVERNMENT is highly respected and trusted for its attention to research and issues of diversity, as well as for its award-winning team of authors. While covering the foundations of American government, this text also moves beyond the nuts and bolts to explain why and how important aspects of government have evolved, their impact on government and individuals, and why they may be controversial, inspire debate, and worth learning. More than just narrating facts and current issues, UNDERSTANDING AMERICAN GOVERNMENT leaves students with an understanding of the "why", so their knowledge can be applied long after the course is completed. UNDERSTANDING AMERICAN GOVERNMENT is a three-time winner of the American Government Textbook Award for the Best Treatment of Women in Politics, by the Women's Caucus for Political Science. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Behold, America Nov 11 2021 SELECTED AS A 2018 SUMMER READ BY THE SUNDAY TIMES, OBSERVER, I-PAPER AND THE BIG ISSUE 'Enormously entertaining' SUNDAY TIMES 'Fascinating' NEW STATESMAN 'Excoriating, brilliant' ALI SMITH 'Enthralling' GUARDIAN 'My number one contributor when it comes to US politics' DAN SNOW 'The American dream is dead,' Donald Trump said when announcing his candidacy for president in 2015. How would he revive it? By putting 'America First'. The 'American Dream' and 'America First' are two of the most loaded phrases in America today – and also two of the most misunderstood. As divides within America widen, Sarah Churchwell looks to the past to reveal what the surprising history of these two phrases can tell us about today.

American Business and Political Power Apr 04 2021 Most people believe that large corporations wield enormous political power when they lobby for policies as a cohesive bloc. With this controversial book, Mark A. Smith sets conventional wisdom on its head. In a systematic analysis of postwar lawmaking, Smith reveals that business loses in legislative battles unless it has public backing. This surprising conclusion holds because the types of issues that lead businesses to band together—such as tax rates, air pollution, and product liability—also receive the most media attention. The ensuing debates give citizens the information they need to hold their representatives accountable and make elections a choice between contrasting policy programs. Rather than succumbing to corporate America, Smith argues, representatives paradoxically become more responsive to their constituents when facing a united corporate front. Corporations gain the most influence over legislation when they work with organizations such as think tanks to shape Americans' beliefs about what government should and should not do.

Democracy Remixed Aug 28 2020 In *Democracy Remixed*, award-winning scholar Cathy J. Cohen offers an authoritative and empirically powerful analysis of the state of black youth in America today. Utilizing the results from the Black Youth Project, a groundbreaking nationwide survey, Cohen focuses on what young Black Americans actually experience and think--and underscores the political repercussions. Featuring stories from cities across the country, she reveals that black youth want, in large part, what most Americans want--a good job, a fulfilling life, safety, respect, and equality. But while this generation has much in common with the rest of America, they also believe that equality does not yet exist, at least not in their lives. Many believe that they are treated as second-class citizens. Moreover, for many the future seems bleak when they look at their neighborhoods, their schools, and even their own lives and choices. Through their words, these young people provide a complex and balanced picture of the intersection of opportunity and discrimination in their lives. *Democracy Remixed* provides the insight we need to transform the future of young Black Americans and American democracy.

These Truths: A History of the United States May 17 2022 New York Times Bestseller In the most ambitious one-volume American history in decades, award-winning historian and New Yorker writer Jill Lepore offers a magisterial account of the origins and rise of a divided nation, an urgently needed reckoning with the beauty and tragedy of American history. Written in elegiac prose, Lepore's groundbreaking investigation places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. And it rests, too, on a fearless dedication to inquiry, Lepore argues, because self-government depends on it. But has the nation, and democracy itself, delivered on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore traces the intertwined histories of American politics, law, journalism, and technology, from the colonial town meeting to the nineteenth-century party machine, from talk radio to twenty-first-century Internet polls, from Magna Carta to the Patriot Act, from the printing press to Facebook News. Along the way, Lepore's sovereign chronicle is filled with arresting sketches of both well-known and lesser-known Americans, from a parade of presidents and a rogues' gallery of political mischief makers to the intrepid leaders of protest movements, including Frederick Douglass, the famed abolitionist orator; William Jennings Bryan, the three-time presidential candidate and ultimately tragic populist; Pauli Murray, the visionary civil rights strategist; and Phyllis Schlafly, the uncredited architect of modern conservatism. Americans are descended from slaves and slave owners, from conquerors and the conquered, from immigrants and from people who have fought to end immigration. "A nation born in contradiction will fight forever over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. "The past is an inheritance, a gift and a burden," These Truths observes. "It can't be shirked. There's nothing for it but to get to know it."

American Government Jan 25 2023 Connects current political science to the core topics in American politics.

Bndl: American Government Institutions Policies Oct 30 2020

American Government Oct 22 2022 Based on the full edition of American Government: Power and Purpose, this brief text combines concise and up-to-date coverage of the central topics in American government with compelling critical analysis. Offering an array of learning tools, the 2008 Election Update Edition uses a refined pedagogical apparatus to help students approach politics and government analytically. KEY FEATURES o More flexibility to assign supplementary readings. The Brief Tenth edition is the perfect choice for instructors who want the flexibility to assign readings that go beyond the textbook. Access to the Norton American Politics Online Reader is free with each new copy, offering an affordable way to provide students with a range of readings to complement the textbook. Special package prices are also available with Norton's other readers in American government, The Enduring Debate and Faultlines. o More, and more thoughtful, pedagogy than other brief texts. Several helpful features appear in each chapter to help students learn and review. New "Analyzing the Evidence" units use bold graphics to show students "how we know what we know" about certain political phenomena. "Core of the Analysis" boxes on the first page of every chapter preview the chapter's analysis. "In Brief" boxes are unique to the brief edition and at least one appears in each chapter. The boxes summarize fundamental material in the chapter and have proven invaluable in preparing for exams, according to reviewers. "Key Terms" are boldface in the text and defined in the margin. Numerous figures and tables appear in every chapter. New single-column design is easier to read. Online reader icons next to citations indicate works that are represented in the Norton American Politics Online Reader. STUDENT RESOURCES The Norton American Politics Online Reader American Government draws on contemporary research and key scholarship to present the field as political scientists understand it today. The Norton American Politics Online Reader includes over 100 important recent articles and foundational works cited in American Government. Perfect for supplementary reading assignments and special projects, an icon next to the citation in the text indicates that a reading is available in the online reader. Student StudySpace The StudySpace student Web site reinforces the analytical framework of American Government in a proven, task-oriented study plan. Each chapter is arranged according to the effective Organize, Learn, and Connect pedagogy: o Organize-This section contains: o Progress Reports to help students organize their study time. o Chapter Summaries and Outlines that help students prepare for readings and tests. o Links to the ebook, which integrates online review materials with the book. o Learn-This section contains: o Diagnostic Quizzes that help students study for midterms and finals. o Vocabulary Flashcards that reinforce knowledge of key terms presented in the text. o Connect-This section contains: o Politics in the News RSS Feed-Abi-weekly RSS feed of New York Times articles, annotated by Paul Gronke (Reed College) helps students keep up-to-date with the latest political news. o Analyzing the Evidence Exercises-These interactive exercises are based on the new "Analyzing the Evidence" units in the text, which explain the significance of the data and the basic methodology that political scientists use to analyze the data INSTRUCTOR RESOURCES PowerPoint Lecture Slides, Test Bank and an Instructor's Manual.

We the People Apr 28 2023

American Government Mar 15 2022 Putting students directly in touch with the great authors and political leaders who have shaped and are shaping American government, the new edition of this best-selling reader is one of the most substantial revisions yet. The Fourteenth Edition features new essays that reflect the recent developments and debates over campaign finance reform; the new Supreme Court imposed limits on congressional power over the states; and political trends that are reshaping government and politics at the national and state levels. The book is structured in such a way that it can be used as an ancillary or a core textbook: included are extensive notes that prepare, connect, and comment on the selections and point out their significance so that, more than other readers, it presents a coherent narrative. As it has since its first edition, this reader provides a strong, balanced blend of classic readings and cases that illustrate and amplify important concepts in American government, along with extremely current readings and cases drawn from today's issues and literature.

American Government: Institutions and Policies Nov 30 2020 Acclaimed for the scholarship of its prominent authors and the clarity of its narrative, AMERICAN GOVERNMENT: INSTITUTIONS AND POLICIES sets the standard for public policy coverage while maintaining focus on three fundamental topics: the importance of institutions of American government; the historical development of governmental procedures, actors, and policies; and who governs in the United States and to what ends. Student involvement in the material is bolstered by proven pedagogical features such as learning objectives framing each chapter, Constitutional Connections relating current issues to founding principles, and How Things Work boxes that illustrate important concepts. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American Government 3e Jul 07 2021 American Government 3e aligns with the topics and objectives of many government courses. Faculty involved in the project have endeavored to make government workings, issues, debates, and impacts meaningful and memorable to students while maintaining the conceptual coverage and rigor inherent in the subject. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens.

Understanding Public Policy Dec 12 2021 "The fourteenth edition of Understanding Public Policy focuses on the policy challenges confronting the Obama administration."--Pref.

Keeping the Republic Feb 20 2020 Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias, and influence the message through informed citizenship. Keeping the Republic draws students into the study of American politics, showing them how to think critically about "who gets what, and how" while exploring the twin themes of power and citizenship. Students are pushed to consider how and why institutions and rules determine who wins and who loses in American politics, and to be savvy consumers of political information. The thoroughly updated Eighth Edition considers how a major component of power is who controls the information, how it is assembled into narratives, and whether we come to recognize fact from fiction. Citizens now have unprecedented access to power – the ability to create and share their own narratives – while simultaneously being even more vulnerable to those trying to shape their views. The political landscape of today gives us new ways to keep the republic, and some high-tech ways to lose it. Throughout the text and its features, authors Christine Barbour and Gerald Wright show students how to effectively apply the critical thinking skills they develop to the political information they encounter every day. Students are challenged to deconstruct prevailing narratives and effectively harness the political power of the information age for themselves. Up-to-date with 2018 election results and analysis, as well as the impact of recent Supreme Court rulings, shifting demographics, and emerging and continuing social movements, Keeping the Republic, Eighth Edition is a much-needed resource to help students make sense of politics in America today. Carefully condensed from the full version by authors Christine Barbour and Gerald Wright, Keeping the Republic, Brief Edition gives your students all the continuity and crucial content, in a more concise, value-oriented package. American Government May 05 2021 A fresh, accessible perspective on the fundamentals

The Challenge of Democracy, 2018 Election Update Oct 10 2021

California Politics and Government: A Practical Approach Feb 26 2023 Clear, concise and straightforward, CALIFORNIA POLITICS AND GOVERNMENT: A PRACTICAL APPROACH, 14th Edition, is the most up-to-date and readable text on this subject. Students gain an understanding of how government and politics work, as well as how they affect their world. The book provides insight into real-life politics as it illustrates the complex forces at work in state government, and current examples enable students to comprehend the ins and outs of California politics. Coverage includes the 2016 elections as well as updates on judicial appointments, the impact of revised term limits for legislators, the state of California's budget, crime and prisons, water and immigration policy, and more. The impact of politics on public policy is integrated throughout the text, helping students see the impact of government and legislation. This text is ideally suited as a companion for an American government class, as well as a foundation for a course on state government. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
