The Last Man Who Knew Everything Sep 09 2021 The definitive biography of the brilliant, charismatic, and very human physicist and innovator Enrico Fermi In 1942, a team at the University of Chicago achieved what no one had before: a nuclear chain reaction. At the forefront of this breakthrough stood Enrico Fermi. Straddling the ages of classical physics and quantum mechanics, equally at ease with theory and experiment, Fermi truly was the last man who knew everything--at least about physics. But he was also a complex figure who was a part of both the Italian Fascist Party and the Manhattan Project, and a less-than-ideal father and husband who nevertheless remained one of history's greatest mentors. Based on new archival material and exclusive interviews, *The Last Man Who Knew Everything* lays bare the enigmatic life of a colossus of twentieth century physics.

Lead with Hospitality Sep 21 2022 Across all industries and levels of organizations, one key leadership trait inspires and motivates more than any other: hospitality. We have all encountered inspirational leaders who've helped us, taught us, encouraged us, pushed us to get outside our comfort zones, or motivated us to become the best version of ourselves. What is it about their leadership styles that inspires us to do more for our team and our personal and professional growth? Turns out, we admire these leaders for the same reasons we love our favorite hotels, resorts, restaurants, or bars: How they make us feel is essential. Members of today's workforce—especially millennials and Gen Z—are looking for inspiring environments and work that truly fulfills them. Before anyone is compelled to do anything they first must feel. Speaker, consultant, and hospitality industry veteran Taylor Scott knows that the most effective leaders approach their roles with heart, emotionally connecting with their team members before attempting to manage them. Scott draws from his two decades in leadership roles at respected hotels, resorts, and restaurants. He

distills the principles of gracious hospitality, translating them into actionable leadership lessons which apply in any industry, such as: • How making people feel welcome fosters loyalty and keeps workers engaged with an organization's purpose • How serving people with empathy and compassion sparks workers' highest productivity • How making people feel comfortable encourages exploration, curiosity, and discovery while inviting everyone to lean into their creativity • How making people feel significant drives them to deliver their best work He also shares specific, practical steps you can take to put these principles into action. Scott shows how to connect, serve, engage, coach, and inspire your peers, teams, and even your own leaders. *Lead with Hospitality* is a call to action to connect with people on a human level which ultimately inspires teams, organizations, and companies to go to the next level.

Eight months after her transplant, everything is different. Stuck in summer school with the underachievers, all she wants to do now is grab her surfboard and hit the waves—which is strange, because she wasn't interested in surfing before her transplant. (It doesn't hurt that her instructor, Kai, is seriously good-looking.) And that's not all that's strange. There's also the vivid recurring nightmare about crashing a motorcycle in a tunnel and memories of people and places she doesn't recognize. Is there something wrong with her head now, too, or is there another explanation for what she's experiencing? As she searches for answers, and as her attraction to Kai intensifies, what she learns will lead her to question everything she thought she knew—about life, death, love, identity, and the true nature of reality.

As all homosexual activity was illegal until 1967, and exposure meant ruin and disgrace, such men were obliged either to repress their sexual feelings or else lead double lives, indulging their tastes secretly while respectably married with children. The need to cover up their sexuality, while causing problems and disappointments, often sharpened their skills as politicians - they were masters of secrecy and subterfuge, and knew how to take calculated risks. An entertaining and insightful account of some extraordinary personalities, Closet Queens opens doors into a hidden world.

The Ministry of Utmost Happiness Nov 30 2020 New York Times Best Seller Longlisted for the Man Booker Prize Named a Best Book of 2017 by NPR, Amazon, Kirkus, The Washington Post, Newsday, and the Hudson Group A dazzling, richly moving new novel by the internationally celebrated author of *The God of Small Things* *The Ministry of Utmost Happiness* takes us on an intimate journey of many years across the Indian subcontinent—from the cramped neighborhoods of Old Delhi and the roads of the new city to the mountains and valleys of Kashmir and beyond, where war is peace and peace is war. It is an aching love story and a decisive remonstrance, a story told in a whisper, in a shout, through unsentimental tears and sometimes with a bitter laugh. Each of its characters is indelibly, tenderly rendered. Its heroes are people who have been broken by the world they live in and then rescued, patched together by acts of love—and by hope. The tale begins with Anjum—who used to be Aftab—unrolling a threadbare Persian carpet in a city graveyard she calls home. We encounter the odd, unforgettable Tilo and the men who loved her—including Musa, sweetheart and ex-sweetheart, lover and ex-lover; their fates are as entwined as their arms used to be and always will be. We meet Tilo's landlord, a former suitor, now an intelligence officer posted to Kabul. And then we meet the two Miss Jebeens: the first a child born in Srinagar and buried in its overcrowded Martyrs'

Graveyard; the second found at midnight, abandoned on a concrete sidewalk in the heart of New Delhi. As this ravishing, deeply humane novel braids these lives together, it reinvents what a novel can do and can be. The Ministry of Utmost Happiness demonstrates on every page the miracle of Arundhati Roy's storytelling gifts.

Almost a Family Apr 16 2022 From the Pulitzer Prize-winning journalist and best-selling author: a beautifully crafted memoir of his lifelong chase after his father's shadow. John was eleven months old when his father, Barney Darnton—a war correspondent for The New York Times—was killed in World War II, but his absence left a more profound imprint on the family than any living father could have. John's mother, a well-known Times reporter and editor, tried to keep alive the dream of raising her two sons in ideal surroundings. When that proved impossible, she collapsed emotionally and physically. But along the way she created such a powerful myth of the father-hero who

gave his life for his family, country, and the fourth estate that John followed his footsteps into the same newsroom. Decades after his father's death, John and his brother, the historian Robert Darnton, began digging into the past to uncover the truth about their parents. To discover who the real-life Barney Darnton was—and in part who he himself is—John delves into turn-of-the-century farm life in Michigan, the anything-goes Jazz Age in Greenwich Village, the lives of hard-drinking war correspondents in the Pacific theater, and the fearful loneliness of the McCarthy years in Washington, D.C. He ends his quest on a beach in Papua New Guinea, where he learns about his father's last moments from an aged villager who never forgot what he saw sixty-five years earlier.
