PÁGINA WEB OFICIAL DEL AUTOR www.artemorilla.com "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt Continuing in his method of higher criticism, Renan uses this work to continue to story of Christ as his apostles undertake the task of spreading his word to the farthest reaches of the world. This work tracks the spread of Christianity from the Pentecost to the tribes of Europe and the polytheistic faiths of the Near East. About 3,000 people lost their lives in the terrorist attacks on New York City and Washington, D.C., on September 11, 2001. Thousands more narrowly escaped, their survival a result of eerily prescient spur-of-the-moment decisions, acts of superhuman courage, the unfailing kindness of strangers, and, in some cases, fortuitous strokes of luck. September 11: An Oral History unites the voices of that day. It is at once a dramatic reminder of one of the most devastating events in history of the nation and a tribute to the spirit of cooperation and the outpourings of empathy that marked that day for so many people in the United States and abroad. Written and compiled by Dean E. Murphy, who covered the attacks on the World Trade Center for the New York Times, September 11: An Oral History presents vivid eyewitness accounts by those who rushed to the scene, as well as the stories of people around the country and abroad who watched as events unfolded on television and waited for news of friends, family, and acquaintances. A priest who runs an adoption center near the WTC paints an unforgettable portrait of what he calls "the meeting place of Hell and Earth that morning"; a businessman from Los Angeles in New York to conduct a training seminar recounts in breathstopping detail his descent with a blind colleague from the 78th floor of the North Tower; a senior at a high school; the owners of a small business in Arkansas describe their thoughts and feelings as they waited to hear from a customer who had become part of their lives though they had never actually met him; and a civilian employee at the Pentagon recalls giving up hope in a smoke-filled office, her hair on fire, only to be led to safety by the soothing voice of a colleague. Contributions from firefighters, police, and military personnel, and other rescue workers demonstrate the mixture of professionalism and humanity that justly elevated them, despite their own modesty, to the status of national heroes. There are stories, too, of those who narrowly missed being part of the mayhem—including a family of four who changed their plane reservations from one of the hijacked jets and others whose arrivals at work were delayed by unlikely coincidences and quirks of fate like forgetting to turn on the coffeepot the night before. The first and only oral history of September 11 that presents people from all walks of life, these poignant, often harrowing vignettes capture the grief, rage, and fear that gripped the nation--and offer an intimate, inspiring look at the strengths that enabled us to move on. A serious

PÁGINA WEB OFICIAL DE LOS AUTORES www.artemorilla.com Nesara – Ley para la Recuperación de la Estabilidad Económica Nacional – es de la mayor importancia, y está en vigor en Estados Unidos desde el 9 de marzo del año 2000. Envuelve un proyecto de prosperidad para todo el planeta, que incluye la reformulación de todo el sistema financiero y de la actuación de los bancos; el establecimiento de una moneda única, totalmente respaldada por una riqueza real, en oro, plata y piedras preciosas. La extinción del Federal Reserve Board, la Reserva Federal de Estados Unidos; elimina el impuesto sobre la renta, reemplazando-o por un impuesto único; envuelve un armisticio internacional, y la consecuente extinción de las guerras en el planeta, entre otras cosas. La base de NESARA consiste en desarrollar una abundancia progresiva para todos los habitantes del planeta, y que a la vez, sea auto-sostenida. Como director de la Era Dorada de Paz y Amor en la Tierra, Saint Germain nos revela en ese libro, todo lo que las Fuerzas de la Luz están haciendo para lograr la evolución del planeta y de sus habitantes. Y enseñanos el camino para ascender junto con ella, orientando a los lectores, sobre lo que podemos esperar de la nueva sociedad galáctica que se instala a partir de ahora. También aclara que el caos que estamos viviendo ahora mismo, nada más es que el viejo que se derrumba, para ceder espacio al nuevo que llega. Saint Germain nos da una amorosa y muy amplia visión, de lo que ha pasado, mientras la mayoría de la población mundial aún dormía. Menciona la gran expansión de consciencia y el consecuente despertar, que ha empujado a tantos movimientos sociales alrededor de todo el mundo. Y nos asegura que de ahora en adelante, vamos a asistir a la aurora de ese mundo mejor que todos llevamos en nuestros adentros. Y que la Tierra vuelve a ser el planeta luminoso, como ha sido creado. Y que además, la libertad de SER ya es una realidad para todos los que participan de esa transición planetaria. TODO ha sido Revelado... Pagina Web del Autor www.artemorilla.es Some cracked hearts mend ... and some implode. For the residents of a usually quiet and peaceful neighborhood, life is about to change. Beneath the peaceful and seemingly law-abiding veneer lurks danger, violence, and a festering web of interconnected secrets, lust, and betrayal. Everyone has a secret, tucked away in a private place in their minds, safe from discovery. But dark forces at play will pry open these mental vaults, and soon no one's privacy will be protected. Hearts will shatter, lives will end, relationships will fall apart, and paranoia will sweep the shadows. Some will find perverse thrill in a forbidden love, and others will pay the price for it. Some will move from obsession to violence, and no one's life will be quite as logical as it was before. Every person who touches the

life of another leaves a mark. Can neighbors Stephanie, John, and Meg help Ron, Hayley, and Dan conquer their inner demons in time? And will they ever learn the identity of the killer in their midst? Can Zach and Blythe's love survive the trauma? Does love truly conquer all--or does it destroy it? Varios han sido los espíritus encarnados y desencarnados que han guiado al Viajero del Tiempo. Pagina Web del Autor www.artemorilla.com M. Cecilia Gaposchkin reconstructs and analyzes the process that led to King Louis IX of France's canonization in 1297 and the consolidation and spread of his cult. Explosion in Paris is the story of one woman's determination to better her life because she has finally found the man of her dreams! By refusing to accept her husband's death sentence assessment of her soul, Angela Briann Scott is challenging herself to reach beyond her limits. This is especially true since her accidental meeting with the devastatingly handsome Ross Leigh Stafford. He's a man of high principles, irreproachable character, unsinkable spirit, and unwavering compassion, all the qualities that her husband, Mitch, is seriously lacking. Angie's adopted country of France glows with charm and beauty through her eyes. By reinventing herself to save her life, she discovers her true essence and she develops a strong sense of self-worth. Her impressive success and enduring strength tell a story that will keep readers engrossed to the very end! Long before NESARA, a project was born to restore the United States of America to its original Constitution of the Republic, and to remove the structure of the Corporate United States. This project began in the early 1950's and involved intelligent and patriotic minds of both civilian and military background. These people over the years became known as the White Knights. Out of this restoration process came the Prosperity Programs, the Farmer Claims, and finally NESARA. The children of the wealthy families on our planet became concerned about the future of our civilization, when they observed the poverty, disease, starvation and suffering of the masses. They saw the imbalance between the wealth of the few and the destitution of the many, and agreed among themselves to try to correct it. One hundred of these wealthy children, who came to be known as "wealthy visionaries", put one million dollars each, of their money, into investment programs in the 1980's called "roll programs" to generate funds to be used for humanitarian purposes. Thus, the Prosperity Programs were born. Gradually, news of this spread to the public and millions of people invested small amounts of their meager funds to aid in these various Prosperity Programs success. Also, during the 1970's and 1980's many U.S. farmers were losing their land, machinery, buildings, and cattle due to fraudulent foreclosures by the Federal Reserve Banks, in cooperation with the IRS. Many farmers joined forces and brought a class action lawsuit against the U.S. Government, the non-federal Federal Reserve Bank, and the IRS, for fraud against the farmers. In 2016/17 I wrote 'The Asylum'. In that book I wrote about how the deep state have controlled planet Earth for eons. In this book two we continue with these topics and I take the reader further down the 'rabbit hole' with new and updated information. This includes a recap from book one, the stages of human awakening, project fear, 'loosh', the CIA, psyops, media control and fact checkers. How it all may have begun with A.I., the Draco reptilians, the Parents, secret societies, institutes and the Illuminati and their symbolism and

numerology. How the deep state were taken down by Donald Trump and the 'Q' team, Black Nobility, adrenochrome, cloning, DUMB's, the CPS, Pizzagate, Jeffrey Epstein and Ghislaine Maxwell, human hunting, arrests and indictments, Lin Wood, MS-13 and the Bush funeral. Good versus Evil. Elections and voting, election fraud history, 2020 US election, Trump's unreported acts. Operation Lockstep, masks, vaccines. Secret patents, age regression tech. Project Looking Glass. Nesara/Gesara. Frankenfoods, weather modification, drugs. The Secret covenant and some future predictions. This is the battle upon planet Earth that the black hats have been winning against the white hats, but this is changing and people are starting to awaken to their schemes. The white hats are changing the outcome in this battle between good and evil. This is a spiritual war and the tide is turning. Welcome to the lunatic asylum that is planet Earth. La aparición de "QAnon" en escena y todo lo que representa... me ha motivado para comenzar a escribir este nuevo volumen de la Serie NESARA & GESARA, con el propósito de dar a conocer lo que está aconteciendo en La Tierra... en este Tiempo de Revelaciones en el que se va Manifestando La Verdad que ha de ser común a TODOS y a cada UNO... "Q" a lo largo de un período importante -en este Tiempo de tanto cambio y Transformación-, está adelantándose a los acontecimientos y Revelando lo que sucederá a continuación en diversos campos, especialmente en el panorama político y económico. Mucho tiempo hemos estado aguardando a que se diesen las circunstancias adecuadas quienes... somos conscientes que en este Mundo "algo" no funciona y es evidente para unos pocos, no para una mayoría que parece conformarse con el espejismo social, con sus vidas cotidianas. "Q" va informando de lo que está sucediendo entre bastidores a muy alto nivel a través de las Redes Sociales. Quienes siguen sus publicaciones aguardan ansiosos la detención del Cabal que también es reconocido como "El Estado Profundo"; son los que gobiernan y dirigen este mundo despiadadamente, desalmados sicarios del mal, de las sombras y la oscuridad que han impedido que se extienda La Paz, El Equilibrio, La Prosperidad. Si estas palabras escritas en este libro te resultan extrañas... espera a ver y a vivir, a ser protagonistas de acontecimientos que darán un giro a tu existencia, convirtiendo lo increíble en creíble... Pocas son las personas que están al tanto de lo que realmente ha estado aconteciendo a lo largo de la Historia de la Humanidad. Una mayoría ha creído lo que la ciencia oficial promulgó, encubriendo la verdad, aliada con quienes buscaron la forma de manipular a toda una raza dependiente del Sistema... En este Tiempo vas a Despertar porque... todo va a acontecer ante ti y tú serás partícipe, por vivir tus experiencias en La Tierra, al encontrarte aquí y ahora en este tránsito que a TODOS y a cada UNO ha de afectar. Antes del esperado "Evento"... han de ser detenidos y encarcelados todos aquellos que irán siendo expuestos, mostrados como criminales, asesinos, psicópatas que han manejado el mundo a su antojo. Antes del "Evento"... han de ser desarticuladas todas las redes de corrupción que han financiado a quienes esclavizaron a la Humanidad generación tras generación. PAGINA WEB OFICIAL DEL AUTOR www.artemorilla.es Based on the author's three-year-long investigation, this account exposes the story of lifelong CIA agent Barry Seal, the most successful drug smuggler in American history, who died in a hail of bullets with George Bush's private phone number in his wallet. Revealing Seal's active role in many of the nation's most notorious scandals--including the Bay of Pigs, the Kennedy assassination, Watergate, and the Iran-Contra Affair--and featuring primary documents previously unseen by the public, this unique history explores the Faustian bargains made by the U.S. government and the secret pasts of some of today's politicians. Sigo escribiendo... lo que mi Alma me dicta... Ante tanto desastre; hambre, guerras, corrupción, nosotros los ciudadanos del Mundo... ¡Seres buenos de Paz y Amor! Cada frases es una vivencia y pensamientos... así poco a poco fui escribiendo lo que hacía en cada momento, tanto de alegría, tristeza, situaciones muy difíciles... y me daba cuenta la valentía del ser humano, como es capaz de sobrellevar y salir adelante ante tantas dificultades, sobresaltos, situaciones inimaginables siempre con alegría, fe, esperanza... Mi lema es... Todo tiene solución. Así que si esto sirve para mi... puede ayudar a otras personas... ..Y las letras salían solas... porque los montículos, piedras, muros de hierro... de hormigón... surgían... pero yo los derribaba... ¡Me sentía tan feliz de solucionarlo todo!... ..¡Si!, es verdad que ha habido momentos de mucho sufrimiento... lágrimas a raudales... y a veces desánimos... pero me duraba muy poco... solo horas o un día, porque la fuerza del cariño, del amor, todo lo puede... Sedimentology is a core discipline of earth and environmental sciences. It enquires the origins, transport and deposition of mineral sediment on the Earth's surface. The subject is a link between positive effects arising from the building of relief by tectonics and the negative action of denudation in drainage catchments and tectonic subsidence in sedimentary basins. The author addresses the principles of the subject, emphasising the advantages of a general science approach and the importance of understanding modern processes. Sedimentology and Sedimentary Basins is not an encyclopaedia, but attempts to stimulate interdisciplinary thought across the whole subject area and related disciplines. The book has been designed to meet the needs of earth and environmental science undergraduates. Panic attacks are more common than they are thought to be. Millions of people suffer from them every day and don't even know it. Many of these people suffer in silence, for they fear what others may think of them. It's time to look back inside ourselves and remember who we really are: light and love. With this little book, I would like to take you to the journey I had to make through very dark places, in order to understand all of those who are passing through those gloomy caves as well. I hope that my experience helps you find your truth and see panic attacks as a great teacher dressed up in a strange costume. NEW YORK TIMES BESTSELLER "This is history at its most immediate and moving... A marvelous and memorable book." —Jon Meacham "Remarkable... A priceless civic gift... On page after page, a reader will encounter words that startle, or make him angry, or heartbroken." —The Wall Street Journal "Had me turning each page with my heart in my throat... There's been a lot written about 9/11, but nothing like this. I urge you to read it." —Katie Couric

The first comprehensive oral history of September 11, 2001—a panoramic narrative woven from voices on the front lines of an unprecedented national trauma. Over the past eighteen years, monumental literature has been published about 9/11, from Lawrence Wright's *The Looming Tower* to the 9/11 Commission Report. But one perspective has been missing up to this point—a 360-degree account of the day told through firsthand. Now, in *The Only Plane in the Sky*, Garrett Graff tells the story of the day as it was lived—in the words of those who lived it. Drawing on never-before-published transcripts, declassified documents, original interviews, and oral histories from nearly five hundred government officials, first responders, witnesses, survivors, friends, and family members, he paints the most vivid and human portrait of the September 11 attacks yet. Beginning in the predawn hours of airports in the Northeast, we meet the ticket agents who unknowingly usher terrorists onto their flights, and the flight attendants inside the hijacked planes. In New York, first responders confront a scene of unimaginable horror at the Twin Towers. From a secret bunker under the White House, officials watch for incoming planes on radar. Aboard unarmed fighter jets in the air, pilots make a pact to fly into a hijacked airliner if necessary to bring it down. In the skies above Pennsylvania, civilians aboard United 93 make the ultimate sacrifice in their place. Then, as the day moves forward and flights are grounded

nationwide, Air Force One circles the country alone, its passengers isolated and afraid. More than simply a collection of eyewitness testimonies, *The Only Plane in the Sky* is the historic narrative of how ordinary people grappled with extraordinary events in real time: the father and son caught on different ends of the impact zone; the firefighter searching for his wife who works at the World Trade Center; the operator of in-flight telephone calls who promises to share a passenger's last words with his family; the beloved FDNY chaplain who bravely performs last rites for the dying, losing his own life when the Towers collapse; and the generals at the Pentagon who break down and weep when they are barred from trying to rescue their colleagues. At once a powerful tribute to the courage of everyday Americans and an essential addition to the literature of 9/11, *The Only Plane in the Sky* weaves together the unforgettable personal experiences of the men and women who found themselves caught at the center of an unprecedented human drama. The result is a unique, profound, and searing exploration of humanity on a day that changed the course of history, and all of our lives. Nearly fifty years after his death, Albert Einstein remains one of America's foremost cultural icons. A thicket of materials, ranging from scholarly to popular, have been written, compiled, produced, and published about his life and his teachings. Among the ocean of Einsteinian-scientific monographs, biographies, anthologies, bibliographies, calendars, postcards, posters, and Hollywood films—however, there is a peculiar void when it comes to the connection that the brilliant scientist had with the African American community. Nowhere is there any mention of his close relationship with Paul Robeson, despite Einstein's close friendship with him, or W.E.B. Du Bois, despite Einstein's support for him. This unique volume is the first to bring together a wealth of writings by the scientist on the topic of race. Although his activism in this area is less well known than his efforts on behalf of international peace and scientific cooperation, Einstein spoke out vigorously against racism both in the United States and around the world. Fred Jerome and Rodger Taylor suggest that one explanation for this historical amnesia is that Einstein's biographers avoided "controversial" topics, such as his friendships with African Americans and his political activities, including his involvement as co-chair of an antilynching campaign, fearing that mention of these details may tarnish the feel-good impression his image lends topics of science, history, and America. Combining the scientist's letters, speeches, and articles with engaging narrative and historical discussions that place his public statements in the context of his life and times, this important collection not only brings attention to Einstein's antiracist public activities, but also provides insight into the complexities of antiracist culture in America. The volume also features a selection of candid interviews with African Americans who knew Einstein as children. For a man whose words and reflections have influenced so many, it is long overdue that Einstein's thoughts on this vital topic are made easily accessible to the general public. El Autor trata de descifrar la ficción con la realidad en una investigación profunda de hechos documentados y testimonio de personas investigadas a través de trance hipnótico, también versiones escritas, dejadas por personas ya fallecidas que dedicaron su vida a la investigación de este controvertido tema, quienes unidos en un clamor de justicia utilizaron al autor como una especie de médium para expresar los hechos de sus investigaciones.
