The Queen of Bright and Shiny Things Jul 18 2022 Sage Czinski is trying really hard to be perfect. If she manages it, people won't peer beyond the surface, or ask hard questions about her past. She's learned to substitute causes for relationships, and it's working just fine . . . until Shane Cavendish strolls into her math class. He's a little antisocial, a lot beautiful, and everything she never knew she always wanted. Shane Cavendish just wants to be left alone to play guitar and work on his music. He's got heartbreak and loneliness in his rearview mirror, and this new school represents his last chance. He doesn't expect to be happy; he only wants to graduate and move on. He never counted on a girl like Sage. But love doesn't mend all broken things, and sometimes life has to fall apart before it can be put back together again. . . .

Lifting Your Depression Oct 29 2020 If you have picked up this book, chances are that you or someone you care about struggles with depression. In addition to feeling depressed, or "down," or "blue," ask yourself the following questions: Do you crave sweets and other carbohydrates, or tend to gain weight? Are you exhausted or tired for no obvious reason? Do you have trouble concentrating or thinking clearly? Are your feelings easily hurt by rejection from others? If you answered "yes" to even one of these questions, you may be suffering from a particular type of depression that does not respond well to most antidepressant drugs. Take heart. There is hope, thanks to a major medical discovery made by longtime psychiatrist Malcolm McLeod of a connection between depression, resistance of the body to insulin, faulty glucose metabolism, and how the trace mineral

chromium can dramatically lift depression. Moreover, chromium is a natural treatment that is safe, effective and free of unwanted side effects. Book jacket.

The Big Shiny Sparkly First Word Book Sep 20 2022 Here's a shining example of books to catch a preschooler's eye, with foil, foil, everywhere! Lifted by the Great Nothing May 24 2020 Max doesn't remember his mother, who was murdered by burglars before they emigrated from Beirut to New Jersey. He lives with his father, Rasheed, who is enamored of his concept of American culture - baseball and barbeques - and tries to shed his Lebanese heritage completely. "When we are in America," Reed (for he goes by Reed in America, not Rasheed) tells Max, "we are Americans." Rasheed has a singular purpose in life: to provide Max with a joyful childhood. He showers his son with gifts out of a belief that he deserves all and is capable of anything. Max wants nothing more than to convince his father that he is a successful single parent. The only thing that can disrupt their peaceful universe is the truth - which it does, with force. When Max turns seventeen, he learns from Rasheed's ex-girlfriend that his father has been lying to him. Max's understanding of the world is so rocked that he is subsequently launched on an uncertain mission to Beirut and then Paris. *Lifted by the Great Nothing* is a startlingly graceful, and often hilarious, coming-of-age story about the lengths we go to preserve the untruths we live by. With its poignant relationships, unsettling misadventures, and surprising love stories, it is a touching and devastating portrait of a young man coming to terms with his country's - and his own - violent past.

Shiny Penny in a Muddy Puddle May 04 2021 Throughout history, poetry has always been an outlet for emotions. My poetry is not an exception to this idea. Many times, my inspiration to write was brought on by life's trials and disappointments. Many of those disappointments are relatable to just about anyone, so I decided to put together a collection of my poetry to share with others. Not all of my poetry is sad or dark. Occasionally there is a bright sunbeam that enters into my life that moves me to write down some of my thoughts or feelings. Other times, my poems are an attempt to capture a specific moment, whether that be inspired by travel or just some introspection at home while enjoying a glass of wine in the evening. Photography has always captured my interest. Particularly images that capture a mood or moment in time. I am not a photographer that cares about portraits or special events. Photography to me needs to be about exploration and must evoke an emotional response. Because of this desire to capture emotion visually, I thought that it was appropriate to pair some of my photos with my poems. I hope that both the images and the words can bring some shared emotional resonance to my work. In today's world, I think that we can all appreciate the metaphor of a shiny penny in a muddy

puddle. Life is difficult and many times you feel surrounded by less-than-ideal situations or individuals. Just remember that even when life is less than you may have dreamed, you are still that shiny penny.

Tiny Pretty Things and Shiny Broken Pieces Nov 10 2021 Black Swan meets Pretty Little Liars in this drama-packed debut about three perfect girls who will do anything to be the prima ballerina at their elite New York ballet school.

The New Rules of Lifting for Women Oct 09 2021 In *The New Rules of Lifting for Women*, authors Lou Schuler, Cassandra Forsythe and Alwyn Cosgrove present a comprehensive strength, conditioning and nutrition plan destined to revolutionize the way women work out. All the latest studies prove that strength training, not aerobics, provides the key to losing fat and building a fit, strong body. This book refutes the misconception that women will "bulk up" if they lift heavy weights. Nonsense! It's tough enough for men to pack on muscle, and they have much more of the hormone necessary to build muscle: natural testosterone. Muscles need to be strengthened to achieve a lean, healthy look. Properly conditioned muscles increase metabolism and promote weight loss -- it's that simple. The program demands that women put down the "Barbie" weights, step away from the treadmill and begin a strength and conditioning regime for the natural athlete in every woman. *The New Rules of Lifting for Women* will change the way women see fitness, nutrition and their own bodies.

Sex at Dusk Apr 27 2023 Sex - just what is it all about? Don't other species just get on with it? What are the conflicts and jealousy, pain and disappointments, really all about? The 2010 book *SEX AT DAWN* tells us that this modern misery is due to our belief in a false evolutionary story about human pair-bonding and nuclear family units. Christopher Ryan and Cacilda Jeth claim that their evidence shows that before 10,000 years ago sexual constraints did not exist, paternity was not an issue, and men and women engaged in fairly free and casual bonobo-like sexual activity. Our ancestors, they argue, not only shared food, they shared sex. Are they right? Using predominantly the same sources, *SEX AT DUSK* takes another

look at that evidence, fills in many gaps, makes many corrections, and reveals something far less candy-coated. Bringing together evolutionary biology, primatology, anthropology, and human sexuality, SEX AT DUSK shows that, rather than revealing important facts about our sexual evolution, Sex at Dawn shrouds it in a fog of misinformation and faulty logic that can only lead us further into the dark.

The Box and the Shiny Red Ball Aug 27 2020 A man comes to find the reason his world isn't right—though he'd been granted freedom from his cryogenic state, he finds himself in a new dilemma. After choosing to stay behind in a world that isn't supposed to exist, something stronger than fate takes hold of his (fate). Right when his dreams are about to come true, and right when he thinks life can't get any better, he is forced to take part in a new five year experiment—will this one be the one that ends his world?

Complete Crime Scene Investigation Workbook Jun 05 2021 This specially developed workbook can be used in conjunction with the Complete Crime Scene Investigation Handbook (ISBN: 978-1-4987-0144-0) in group training environments, or for individuals looking for independent, step-by-step self-study guide. It presents an abridged version of the Handbook, supplying both students and professionals with the most critical points and extensive hands-on exercises for skill enhancement. Filled with more than 350 full-color images, the Complete Crime Scene Investigation Workbook walks readers through self-tests and exercises they can perform to practice and improve their documentation, collection, and processing techniques. Most experienced crime scene investigators will tell you that it is virtually impossible to be an expert in every aspect of crime scene investigations. If you begin to "specialize" too soon, you risk not becoming a well-rounded crime scene investigator. Establishing a complete foundation to the topic, the exercises in this workbook reinforce the concepts presented in the Handbook with a practical, real-world application. As a crime scene investigator, reports need to be more descriptive than they are at the patrol officer level. This workbook provides a range of scenarios around which to coordinate multiple exercises and lab examples, and space is provided to write descriptions of observations. The book also supplies step-by-step, fully illustrative photographs of crime scene procedures, protocols, and evidence collection and testing techniques. This lab exercise workbook is ideal for use in conjunction with the Handbook, both in group training settings, as well as a stand-alone workbook for individuals looking for hands-on self-study. It is a must-have resource for crime scene technicians, investigators, and professionals who want a complete manual of crime scene collection and processing techniques.

Fantasy, Online Misogyny and the Manosphere Aug 19 2022 This book presents the first in-depth study of online misogyny and the manosphere from a psychoanalytic perspective. The author argues that the men of the manosphere present contradictory thoughts, desires and fantasies about women which include but also go beyond misogyny. They are in a state of dis/inhibition: torn between (un)conscious forces and fantasies which erupt and are defended against. Dis/inhibition shows itself in self-victimization and defensive apathy as well as toxic agency and symbolic power and expresses itself in desire for and hatred of other bodies. The text draws on the psychoanalytic thinkers Klaus Theweleit, Elisabeth Young-Bruehl, Jessica Benjamin and Wilhelm Reich to present detailed analyses of the communities within the so-called manosphere, including incels, Men Going Their Own Way (MGTOW), alt-right YouTubers and NoFap users. Drawing on wider discussions about the status of sexuality in contemporary neoliberal technoculture since the sexual revolution of the late 1960s, it illuminates how sexuality, racism and images of the white male body shape the fantasies and affects of many men on the internet and beyond. Integrating a unique theoretical framework to help understand how today's increase in online misogyny relates to the alt-right and fascism, Online Misogyny and the Manosphere is an important resource for academics in a variety of fields including psychoanalysis, media and communication studies, internet studies, masculinity research and more.

A Shiny New Toy Sep 08 2021 "A Shiny New Toy" is a fictional story that treads on several ethical and moral situations found in business today; addiction, discrimination, diversity, dreams, fraud, firing, love, passion, promotion, racism, sarcasm, and sex. This realistic story also weaves in usage

Lift Oct 21 2022 From the award-winning and bestselling creators of *Drawn Together* comes the fantastic tale of a magical elevator that will lift your spirits--and press all the right buttons! Iris loves to push the elevator buttons in her apartment building, but when it's time to share the fun with a new member of the family, she's pretty put out. That is, until the sudden appearance of a mysterious new button opens up entire realms of possibility, places where she can escape and explore on her own. But when she's forced to choose between going at it alone or letting her little brother tag along, Iris finds that sharing a discovery with the people you love can be the most wonderful experience of all. Using their dynamic comics-inspired storytelling, acclaimed author Minh Lê and Caldecott Medal-winning artist Dan Santat carry readers on a journey of ups, downs, and twists and turns that will send hearts--and imaginations--soaring. *"Beautiful" ---School Library Journal, starred review *"Dazzling"---Publishers Weekly, starred review *"Delightful"---School Library Connection, starred review *"Immersive"---Booklist, starred review *"Inspired"---Kirkus Reviews, starred review

[Shiny Objects](#) Dec 31 2020 A successful professional painter and art instructor for years, Benedict was dissatisfied that she could paint petal-perfect flowers and expensive portraits of wealthy clients, but could not capture the light on the garden at dusk or the tender hands and faces of her own children. Seven years ago she walked into a poetry workshop and found "the window I needed for my imagination." She never painted another painting, and has never stopped writing. She got her BA in English and her MFA in writing at Goddard College, taught workshops, won scholarships, and received grants and awards for her fiction. Her stories have appeared in *INTRO* and *Fiction International*, and the title story in this award-winning collection was published as an *Atlantic Monthly* First.

The Last Dragon Princess Jul 26 2020 Her birth was an act of treason. But now she's their last hope. Born with the marks, She must choose the next King, And stand against the Gods. "it was so new and interesting I was trying as fast as possible to understand this new world because WOW. This book is so awesome and different and I loved it." - Ruby, Goodreads Reviewer "It would be enjoyed most by people who liked stories such as *The Handmaid's Tale* and *Game of Thrones*." -Lisa Dawn The Princess Blog ..reminded me of a modern-day *Lord of The Rings* and/or *Game of Thrones*." -Advanced Reviewer "I have seen many authors attempt to recreate or put twists on Greek mythology before, but this has been by far the best I have seen. The story flowed extraordinarily." -Advanced Reviewer "Action-packed and tenderhearted love story." -Advanced Reviewer "This is a masterpiece in YA."-Joshua, Goodreads Reviewer ..easily one of my favorite debut novels I have ever had the pleasure in reading." -Lex Hope and Whispers Blog On this world, the created have turned against their Creators. War has raged for generations between the Hisgeii and their fallen gods. The Creators seek to enslave the Hisgeii and control the magics of their marks. The marked men are called Shifters and can transform into dragons with magical abilities specific to their caste. The female marked are called Breeders and are treated as royalty amongst the Hisgeii. Danu is one such Breeder, though her markings came with a steep price. She has recently come of age and in order to become Queen, the Council has commanded her to choose a mate to be her King. Danu is of the last generation of Hisgeii with any hope to defeat their would-be enslavers. With time

running out, she must navigate the heated political climate, learn what it means to be a marked member of the lowest caste, decipher the complex and torrid history of the war between the Hisgeii and the Creators, differentiate between outright lies and mere twisted stories of ancient legend, fight alongside a flock of dragon Shifters against powerful aliens believed to be immortal gods, deal with a rogue Shifter whose body bares unusual scars, and unite with a mate to decide on the future of her people. Seems easy enough... except she has only two weeks to do it. The Last Dragon Princess follows Danu as she seeks to lead her people, find her place, and choose a love to balance her as she takes the throne. Fans of dragon shifter fantasy, reverse harems, retellings, Greek mythology, and fast-paced adventures loaded with romance and political intrigue will love this unexpected and one-of-a-kind epic novel. This is a standalone story with NO cliffhangers!

Reaping the Benefits from Global Value Chains Sep 27 2020 Against the backdrop of the rise of global value chains (GVCs), particularly in Asia, this paper documents key developments of GVCs and investigates what factors cause economies to reap greater benefits from GVC participation. Key findings include: first, moving toward a more upstream position in production and raising economic complexity are associated with the country increasing its share of GVC value added. Second, fostering GVC participation and expanding the share of the domestic value added in a value chain require efforts to reduce trade barriers, enhance infrastructure, foster human capital formation, support research and development, and improve institutions.

Sex at Dawn Mar 26 2023 The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how

our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

Colors To Learn Mar 22 2020 *Learn Colors* is not simply a lift-the-flap book about colors, but also a mini-encyclopedia! In addition to teaching young readers to recognize colors, each spread features a special educational topic that helps children learn different animals and objects. 65+ lift-the-flaps encourage word and picture association, hand-eye coordination, curiosity, and emotional intellect. The book features several naming, matching, and counting activities to make the play session even more engaging. The large format, sturdy cardboard pages, and die-cut flaps coupled with colorful illustrations, fresh and stylish design, and quality production make this book a perfect gift for babies.

Bright, Shiny, Rainbow Colours Mar 14 2022 Touch and feel all the brightly coloured animals, then lift them off the pages and play! Sensory learning at its best. Touch-and-feel pop-out pieces encourage recognition of colours, matching skills, and manual dexterity.
